JUSTICE TEMPERED.

EXTREMELY LIGHT PUNISHMENT TO VILLAINS.

The Kansas City Abductors Get Short Terms--Several Diabolical Plots Unearthed.

The famous Beals' abduction case has come to a close and resulted in the woman, Lizzie Dennis, and Melvin Sipole, alias Albert King, receiving a sentence of two and four years respectively. Ralston, the brainy confederate, who used his accomplices as tools, is still at large.

By the confession of the Dennis woman it now transpires that there was a plot to commit abductions by the wholesale. The method was to decoy wealthy men into secluded rooms and then compel them to sign checks at the point of a revolver. The parties marked for victims in Kansas City were Dr. Griffith, Mr. Harrison, brother of the president, and one of the Armours. The excitement aroused by the Beals' abduction prevented any further operations.

The story of abduction was told to a reporter of the Kansas City *Journal* by Sipole yesterday and is as follows:

"Both Lizzie and I refused at first but were finally persuaded, Ralston and I watched the house all the time, waiting for chance. We would drive by in a buggy and would see Lizzie nearly every day. But the child was guarded so closely that it could not be stolen. Ralston then had himself let into the house one afternoon when Mr. and Mrs. Beals were away. That night he opened all the doors leading to the back of the house and was just going back after the child when a door was slammed shut by a draught and Mrs. Beals was awakened. She got up to see what was the matter, and Ralston made his escape. After that the child was watched more closely than ever. Double locks were put on the doors and fierce dogs were secured. No chance was left and we had to wait."

"On Thanksgiving evening Ralston and I were sitting at home playing cards, about 7 o'clock when Lizzie suddenly came in with the child. She was frightened half to death and completely exhausted. She had gone to the wrong house with the child and was terribly excited. She placed the child in Ralston's arms and fell in a faint. She came to soon and Ralston went out and got some candy for the baby. We did not give it any chloroform or laudanum, as has been said.

Ralston wanted to take the child to Denver. He proposed that we get a team and travel overland to Denver, when he would place the child in his family, as he had three children. He would then come back and arrange for the ransom. I refused to do this and said I would not harm a hair of the child's head. He might die on the way and I would not take him out of town. Ralston gave that part of the plan up."

"The next morning after the child was taken Ralston wrote a note to Mr. Beals, telling him to meet him at the postoffice that afternoon. I gave the note to a messenger boy. About noon a *Star* reporter interviewed Ralston without knowing who the latter was. Ralston got terribly scared and did not meet Mr. Beals, as he said he would. That evening we saw in the paper that a reward of \$5,000 was offered and no questions asked. Ralston and I drove to Beals' house. I stayed at the Bonaventure hotel while he went to talk to Beals. When he came back he said Beals would only give \$3,000, but (he) Ralston had wanted \$10,000. I knew Ralston was lying, but thought if I got \$1,000 and Lizzie \$1,000 we were doing very well. So that same night about 10 o'clock Ralston and I drove to the Beals' home with the child. He took the child and I drove back home. Lizzie was arrested about ten minutes after the child was taken back and I was arrested about ten minutes after I got back. Ralston was to have got the check cashed the next morning and divide up, but I have never seen him since and have got nothing."

The officers will pass through Sedalia to-morrow morning at 10:40 o'clock on their way to the penitentiary at Jefferson City with the prisoners.

The New Society.

Owing to the very unfavorable weather of last night the new society repeated.

of the Knights and Ladies of Honor was not organized. The order receives ladies and gentlemen on an equal footing, both socially and from a beneficiary standpoint.

Capt. R. P. Archer is the organizer and about 50 signers will meet at the new I. O. O. F. hall Friday night to perfect the organization.

ARRESTED.

J. D. Smith of Kansas City, Late of Sedalia Charged With Spending the People's Money.

Constable Ramsey made an arrest last night, which, when announced, will create somewhat of a sensation among certain classes.

The party arrested is none other than J. D. Smith, traveling salesman for a wholesale liquor house in Kansas City where he makes his headquarters.

Smith is a married man of middle age and formerly lived in Sedalia. It was while a resident here that he is alleged to have committed the offense of which he stands charged.

While in Sedalia Smith was employed in Bengley's saloon, on Ohio street, and it is on complaint of that gentleman that the arrest was made.

Smith quit working for Bengley about one year ago, and after severing his connection with the firm it is claimed that he collected money due to the house but which he appropriated to his own personal use.

His bond was fixed at \$100, which, after considerable trouble and delay, the prisoner was able to give.

His preliminary examination will be heard by Judge Fisher to-morrow morning at 9 o'clock.

Mr. Bengley was seen by a DEMOCRAT reporter this morning and stated that he was not quite sure, but thought Smith collected between \$75 and \$100 due him after quitting the house.

"It was only recently that I ascertained that I had been victimized," said Mr. Bengley, "else I would have caused his arrest before this."

After leaving Bengley, Smith entered the employ of Jim O'Brien, the cigar manufacturer and here, too, he was arrested on a similar charge, during the early part of the winter.

He was indicted by the grand jury and the charge is now pending before the circuit court.

While it is possible for all the charges preferred against Mr. Smith to be false, yet circumstances would indicate that it stands him in hand to introduce splendid counter evidence before he can be wholly exonerated.

MAKES ALL THE WORLD AGIN.

How Genuine Sympathy Brought Tears to the Eyes of a Fallen Woman.

The influence of unostentatious charity was well shown at the depot last Tuesday by the purse raised by several young men in the building to assist an unfortunate and destitute woman to Kansas City. Not only was a ticket purchased for her, but money was given to pay expenses.

This girl, like many another young woman, had been weak in the moment when she should have been strongest. In a moment of darkness she had lost a jewel far more priceless than the rarest gem that ever gleamed on the brow of an earthly queen. Contact with the world had hardened her heart and she at first roughly resented any questions concerning herself.

At Kaiser's.

The following gentlemen are registered at Hotel Kaiser to-day: F. J. Gieselman, W. Dardin, J. W. Maginn, St. Louis; John J. McElrath, South Bend, Ind.; W. H. Weir, Minneapolis; J. W. Groves, Chicago; Wm. Hurtig, Cincinnati; J. R. Moon, Springfield, Mo.; T. E. Cheatham, Warrensburg, Mo.

Off for Europe.

Mr. and Mrs. J. R. Barrett left at noon for St. Louis, where they will remain a day or two. Mrs. Barrett sails with a St. Louis party from New York on the 28th for Germany. They will take passage on the Hamburg liner, "Columbia." She expects to remain abroad about three months.

Christian Church Meeting.

At the close of the pastor's sermon last night on "Sweetening the Bitter Things of Life," there were four additions to the church. Services are announced for this evening, and by request the black board bible reading on baptism will be repeated.

"GOOD EVENING!"

Of Course I Read THE DEMOCRAT

"I would earnestly advise them for their
good to order this paper to be punctually
served up and to be looked upon as a part of
the tea equipage."—ADDISON.EVERY citizen of Pettis county,
whether he knows it or not, is interested in
good roads.SEDALIA capital is taking the
right step in developing the rich
coal fields near the city.PETTIS county needs good roads
as badly as she needs anything, but
she is perfectly able to provide
them.THERE should be at least a thousand
earnest advocates of good
roads in attendance at the Spring-
field convention next month.THE west and the south should
"get together," and they will if the
political leaders will leave them any
enduring substantial plank to stand
on.MANY a man who thinks he is
permeated with patriotism and
saturated with party loyalty is only
suffering from an aggravated and
chronic case of man worship.COL. E. C. More, of Boone
county, Judge Rechow, of Polk,
and Dr. Edmonds, of Saline, are
all candidates for delegates from
this district to the Chicago convention.THIS paper is not one of those
which believe the failure of the
democratic party depends upon any
one man. The breed of statesmen
is not that near extinct in the
United States.THE state of Missouri two years
ago declared in favor of the free
coinage of silver; the merits of the
question has not changed in the
meantime, and the real thinkers in
the party are still in favor of the
white metal.THOSE democrats who have learned
to swallow the Wall street dose of
"gold standard" without wincing
could, by a little practice and coaching,
manage to swallow the protective
tariff too. Then John Sherman
would probably claim them as his
brethren.THE next president of the United
States should be a democrat, and
in order to make sure that what
should be *will*, the Chicago
convention should be left free to nomi-
nate the strongest man upon the
strongest platform—but in all cases
the platform is of most importance.THE Gazette has allowed the
Star-Sayings to deceive it with the
idea that Missouri is going republican
this fall. Editor Streit ought
to know that those old editorials
about the republicans carrying Mis-
souri have been kept standing in
every well regulated republicannewspaper office for twenty years.
They have been fired at the public
so long that they have even ceased
to be amusing—they were never
intended to be taken seriously.newly elected central committee will

ROCK ROADS.

A Communication from a Farmer on
the Subject.AVATOR, PETTIS CO., April 20.
To the Editor of the Democrat.The subject of rock roads has
been fully discussed in your valuable
paper and the county court
will soon put the question before
the tax-payers to vote on the proposition
of levying a tax on the county
for building turnpike roads.Our county farmers have been
very tender footed on the tax question,
vide, the court house tax.But now there are but few who are
not satisfied with the result, as the
tax has been light and gets lighter
every year, and in a few years the
whole debt will have been paid off,
and the people of the county will
have the satisfaction of beholding
the most magnificent court house
ever built for the money.And now let the people make our
roads so that they can have pleasure
going to our future capital. But it
is idle for Sedalia to ask for the
removal of the capital unless she
can give the right of way through
the mud holes.Let the county court assist in
having four of our principal roads
leading in the city east, west, north
and south put in condition.Let them all be put under contract at
the same time, and subscribe five
hundred dollars for each mile, as
finished, five miles each way, and
collect the amount from drayshop
licenses.Let the roads be from
eight to ten miles in length, or to
the county line, if practicable, and
run on township lines when practi-
cal. The roadbed should be
twenty feet, and a summer road on
the side which would save the rock
road in fall and good weather.It will be very important, if pos-
sible, to have the roads made
straight, and avoid running parallel
with the railroad.The people living on or near a railroad station
should let the country have the
benefit of the rock road where no
injustice is done to others.In getting the right of way in
order to have the road straight in
some places it may be necessary to
resort to the law of eminent do-
main; and in that event no doubt
the amount of damages would be
more than saved in straightening
the road. The law in cases where
private property is taken for public
uses require that the advantages and
disadvantages shall be considered.

EAST PETTIS.

THE KANSAS CITY ELEPHANT.

Rajah Arrives in That City Yester-
day Over the C. & A.The Kansas City Star has the fol-
lowing to say of him: "Rajah, the
largest elephant ever captured, ar-
rived in Kansas City at noon to-
day on a special car over the Alton
consigned to Lemon Bros., the
showmen. His car is not as palatial
as some of the cars on the Alton,
being an ordinary flat car to
which he was first securely
chained and then over him was
built a rough plank cabin about
half the car in length and a little
over thirteen feet high, thirteen
feet being Rajah's exact height in
his stockings. Rajah is a native of
Burman and was shipped to this
country from Rangoon in the steam-
ship, Bagnok. He was on the
water forty-two days and showed
himself a good sailor, never once
showing signs of sea sickness. He
is 40 years old, which is considered
young. He is just two inches
taller than Jumbo and weighs 12,
000 pounds.He will be taken to Argentine this
afternoon where Lemon Bros.
are organizing, and put into training.
He is a barbarian at present
and cannot understand English and
some trouble is expected in un-
loading him. Consequently a
cousin of his will be asked to escort
him from the car. He will then be
turned over to George Young, the
veteran trainer, who will under-
take the task of educating him.
He will be exhibited in Kansas
City in a few weeks.

Down in Henry.

Ex-Attorney General B. G.
Boone, of Henry county, passed
through this morning, en route to
Jefferson City to attend supreme
court."I don't want to talk politics,"
he said with a sigh that blew through
his erubescence whiskers."Our county primary comes off
the same as yours, May 7th.It might be of interest to your
readers to know that the corner
stone to our court house will be laid
June 24th, under the auspices of the
Grand Lodge of Masons.We expect a large gathering and
a big time."Mr. Benj. Ingram, of Sedalia, is
the grand master of the lodge.

WHAT IS IT?

God made Adam out of Dross,
But thought it best to make me first;
So I was made before the man
To answer God's most holy plan.My body did he make complete,
But without arms, or legs, or feet,
My ways and actions did control
And I was made without a soulA living thing I then became,
And Adam gave to me his name.
Then from his presence I withdrew,
And more of Adam never knew.I did my Maker's laws obey,
From them I never went astray,
Thousands of miles I ran, I fear,
But seldom on earth appear.But God in me did something see
And put a living soul in me.
A soul of me my God did claim
And took from me that soul again.I labor hard by day and night,
To fallen man I give much light;
Thousands of people, young and old,
Will by my death great light behold.No fear of death doth trouble me,
For happiness I can not see,
To heaven I shall never go,
Nor to the grave nor hell below.The Scriptures I can not believe,
If right or wrong I can't conceive,
Although my name therein is found,
They are to me an empty sound.

AMUSEMENTS.

The Play Last Night.

A small audience witnessed an
interesting performance of "The
Vendetta" at the opera house last
night. The play is new in name to
Sedalia theatre goers, though the
theme, old as the world, is ever
young. W. A. Whittecar, seen
here before as leading man with
Lillian Lewis, was admired for his
Octavio Romari, as was Miss
Laura Alberta for his wife Angeline.
Alfred Rumble, as John Jenkins,
Jr., of Chicago, and E. W. Varney,
Jr., as Marquis Vahr furnished the
lights and shadows of the play. The
scenery was noteworthy, partic-
ularly the night scene on the sum-
mer terrace of the famous Monte
Carlo and the wreck of the steamer
"Orola" at sea.

The Crisken-Lawn.

"The Crisken-Lawn," a pictur-
esque Irish-American comedy-
drama, which has scored an im-
mense hit, wherever produced this
season, will be seen at the opera
house, Tuesday, April 26.In the cast will be the favorite
Irish comedian and author, Dan
McCarthy.

tions and such a high water mark
of genuine merit throughout, as that
to be presented by Lew Dock-

SEDALIA SELECTED.

The Dr. Houston Gold Cure Company, of Falls, City, Neb., will Locate Here.

In establishing an institute in Sedalia for the treatment of the liquor, opium, cocaine, tobacco and other deleterious habits we feel that it is perfectly right and proper to let the public know something of the methods used and objects to be attained.

The treatment is known as the Dr. I. M. Houston gold cure and the institute will be owned and controlled, for the present at least, by the Dr. I. M. Houston Gold Cure company. The company is composed of the following named gentlemen: Robt. Clegg, president and treasurer; Dr. I. M. Houston, medical director; T. R. Mason, secretary, all of Falls City, Nebraska.

The formula was originated by Dr. I. M. Houston, and has been used by him in Falls City for eight months with the most remarkable success, not a single one of his patients having returned to his cups after receiving the full course of the treatment, which covers a period of three weeks.

The remedies are used both hypodermatically and internally; in fact, the whole process is a duplicate of the Keeley method. The hypodermic solution looks like the Keeley remedy and the physiological action produced is identical with that of the Keeley remedy. In short, it was while Dr. Houston was taking the treatment at Dwight, that he conceived the idea which resulted in the production of the formula. The remedies comprising the formula are especially adapted to the diseased condition most frequently found in excessive uses of alcoholic beverages.

Every person receives alike that part of the treatment which destroys the appetite for stimulants, and auxiliary treatment according to the condition of the various organs of the body. A cure is guaranteed in every case, or the money refunded. The object of the treatment is simply to enable those desiring to cease using liquors to do so without suffering the shock to the system which always follows its withdrawal and to restore the different organs to their original state.

The double chloride of gold and sodium is the basis of the remedies

used and it is only its combination with the other ingredients for hypodermic use that it is valued by any one as a secret remedy.

Dr. Houston says he challenges everybody in Sedalia to send him a case of drunkenness that he cannot cure. Patients are allowed whisky as long as they desire it while taking treatment. Terms and rules will be published as soon as offices are established which will be in a few days.

George Longan and Tom Mitchell returned to-day from a short visit to the boom-de-ray town of Kansas City.

Col. John Cosgrove, ex-congressman from the old Sixth district, came over from Boonville last evening and departed at midnight for Jefferson City.

B. F. Seggerson, of General Auditor Pollock's office, is enjoying a visit from his sister, Miss Dora, who arrived from Sedalia yesterday afternoon.—*Parsons Sun*.

Dr. J. G. White, the veterinary surgeon, went to Pleasant Hill yesterday afternoon where he was called by the illness of his aged father who is expected to die.

IT RAINED BEER GLASSES.

He Got Kicked in the Anterior Portion and Had His Vertebra Twisted.

A man with a rusty looking overcoat and a corn cob pipe firmly set between his teeth was seen to shoot out of an East Second street saloon this afternoon and hit the sidewalk like a falling star. As he went out of the door, seven legs, at the ends of which were seven boots were seen to swiftly reach for the same place on his unprotected anatomy. A few stray beer glasses and bottles that had wandered from their proper place struck the screen door behind him and added to the uproar.

His "Nibs"—he was not the baron—took the matter very coolly and sauntered away with a complacent and self satisfied air as if nothing had happened.

It is understood that he tried to run the place to suit himself for a few moments and was vigorously disappointed.

A Red Trail.

A pool of blood in the street in front of the First National bank, and a trail at regular intervals leading up Ohio street for several blocks caused a number of reporters in search of the sensation, to lose considerable time trying to unravel the mystery.

The crowd along the streets became curious while watching a hungry-looking individual glide along with a panther-like tread, and individually joined the procession.

A number who have not been known to leave the corners of Second and Ohio streets for a year finally found themselves several blocks out of their accustomed territory and had to consult a directory to find their way back.

John W. Hicks, the Grocer, will remove two doors south May 1st.

SHOP AND RAIL.**A CURRENT HISTORY OF THE RAILROAD WORLD.****What Men Are Doing and Saying and Companies Planning and Executing.****A Correct Idea.**

"Another thing we are looking forward to and working for," says Grand Chief Sargent of the Brotherhood of Locomotive Engineers, "is to give the railroad man a rest one day in seven. All classes of labor should have one day of the week for rest and relaxation and for the cultivation of his home. In many instances the railroad corporations are as willing to grant a cessation of work on Sunday as we are to obtain it. The main difficulty is in the patrons of the roads. A cattle-shipper, for instance, makes his plans to load his cattle Saturday night so they may reach the market Monday morning. He shaves up, puts on his church clothes and offers up long prayers, while the poor railroad man must endure the burden and heat of the day. There is a big opportunity for missionary work on such fellowships."

WHO WILL SUCCEED HIM.**S. H. Clark May Retire from the Missouri Pacific in the Near Future.**The following from to-day's *Republic* records some probable important changes in railway circles:The reported retirement of Sidney Dillon from the presidency of the Union Pacific railroad company, which has heretofore been mentioned in the *Republic*, has given rise to several rumors as to the changes in the management of that property. It is now said that R. S. Hayes, president of the St. Paul and Duluth road and of the New York and Northern, is to succeed Mr. Dillon as president. If this report is true the Union Pacific will secure a practical railroad man for its president, who will compare very favorably with his predecessors, Mr. Dillon or Mr. Adams. Mr. Hayes is well known in St. Louis, where he was formerly vice president of the Gould system, at a time when the Wabash, the Missouri, Kansas and Texas, the Texas Pacific and the International and Great Northern, in addition to the Missouri Pacific and Iron Mountain properties, were known by that general title. He married the widow of the late H. M. Hoxie. It is also said that S. H. H. Clark is to sever his connection with the Missouri Pacific properties and devote himself entirely to the management of the Union Pacific. The report could not be confirmed yesterday, as the local officials professed entire ignorance on the subject. Mr. Clark is now in New York, where he was hurriedly summoned a few days ago, presumably for consultation on this matter. His health has been improving during the past year, but it is reasonable to suppose that he would willingly lay down a part of the burden which he is now carrying as general manager of the Union and Missouri Pacific companies. If he goes out of the Missouri Pacific George C. Smith, assistant general manager, is next in line for promotion. Mr. Smith has successfully managed the Missouri Pacific property during Mr. Clark's long absences, and will unquestionably be given first place, unless George Gould has ambitions in that direction.**Locomotive Brotherhood.**The board of adjustment of the Brotherhood of Locomotive Engineers on the M., K. & T. railroad are now holding their annual meeting in this city. Among those present from a distance are J. L. Parish of Sedalia, A. W. McElvane, and J. D. Hopper of Denison, and Charles M. Stocker of Alvarado, Texas. The boys have no grievances and are here simply to select officers for the ensuing year and talk over matters for the good of the brotherhood.—*Parsons Sun*.**All Right in Mexico.**D. D. Cannon, formerly passenger conductor on the M., K. & T. between this city and Denison, but now running a train on the Mexican National out of the city of Mexico, was in the city yesterday shaking hands with his old associates and friends. Cannon reports that he is getting along nicely in Mexico and that all the old-time M., K. & T. boys in that section were faring well.—*Parsons Sun*.

The Trans-Missouri and Southern lines are getting into hot water over the fact that the latter will not honor the former's tourist rates. It is done, they claim, to squelch the scalping business.

A Popular Man Dead.

William Henry Dixon, assistant general passenger agent of the

Chicago, Milwaukee and St. Paul, took place at his home in St. Paul yesterday afternoon at 2:45 o'clock, of bronchitis. He was one of the most popular railway men in the west, being a capital speechmaker and story teller.

Filed the Map.

The Missouri, Kansas and Eastern Railway company yesterday filed a profile map with the county clerk of its proposed route through Boone county. The road will have thirty miles of track and will hug the Missouri river from Rocheport to Cedar City.

POLICE COURT.**A Skirt Dancer Run in for Disturbing the Peace.**

There were but two cases at police court this morning.

Hattie Young, a colored woman, started up town last night to get a bottle of coal oil. She got as far as a livery stable on Kentucky street when the sound of a French harp fell in dulcet harmony on her African ear. Hattie, although she had a five months old baby at home, could not resist the temptation to dance and she knocked up the dust in "Away Down South in Dixie" style. The terpsichorean evolutions finally resulted in an officer swooping down and locking her up for disturbing the peace. Judge Rauck fined her \$10 and costs this morning and she was incarcerated in the howling dungeons of the bastile. She took her baby with her.

Mat Ogan, for a drunk, paid \$5 and was released.

"High Card Bob" Will Join the Church.

"Bob" Brewington, formerly of Kirksville, Mo., and known to his associates as "High Card Bob," who quite recently won \$2,500 in Arizona, announces that he has given it back and will reform. He declares that \$25 honestly earned will go further than \$100 won over the card table, and that the gambler's life has lost all its charms for him. Finally, he has promised to join the church next Sunday.

Increased Interest.

The good work continues at the Second Congregational church, S. E. Sedalia. Five more united with the church last Sunday and others expressed a desire to begin the Christian life. The pastor, Rev. G. Marsh will preach two special sermons next Sabbath morning at 11 and evening at 8. All are cordially invited to attend.

Judge Cowgill in Town.

Judge James Cowgill, of Caldwell county, arrived in the city at 10:30 this morning and is mingling with Pettis county friends. Judge Cowgill is a prominent candidate for the office of railroad commissioner and is making a vigorous canvass. He leaves to-night for Lafayette county.

Deaths in Birth.

Jas. G. White and wife to Geo. T. Messer, part of block 5, Martin and Cotton's fourth addition. Consideration \$3,000.

A. P. Morey and wife to R. H. Moses, lot 11, block 3, McClure's addition to Sedalia. Consideration \$250.

They Know Him.S. J. Twyman has resigned his position with the dry goods establishment of H. H. Marean, Sedalia, and accepted a better one at Boonville. Mr. Twyman is a Warrensburg boy and his many friends here will be glad to hear of his success.—*Warrensburg Union*.**Marriage License.**

License to marry was granted to the following parties to-day.

C. E. Burnett, Sedalia, to Mrs. Breeding, Sedalia.

B. W. Coats, Pettis county to Jennie Ousley, Pettis county. All of the above are colored.

A Small Scrap.

Tom Davis and a countryman had a racket on Main street this afternoon, in which the verdant young man came out second best as he was sent to "grass" in the first round.

Returned from Warsaw.

Charles Yeater, Geo. P. B. Jackson, Zeke Scott, Chas. McIninch, Dass. McClure and J. S. Hughes returned from Warsaw to-day where they have been attending the Gentry case.

Much Improved.

Judge Phillips, of the United States district court, who has been seriously ill at his home in Kansas City, since March 31, was able to attend to business yesterday.

Stone at St. Joseph.Hon. W. J. Stone, of Nevada, spoke to an immense crowd in the Bijou theatre at St. Joe last night. The *Gazette*, of that city, devotes much space to his speech.**Will Be Relieved.**

Parsons has secured a free mail delivery with three carriers to do the work. George Sinclair will now be compelled to vacate the goods box in the postoffice where he is said to put in all his spare time waiting for letters.

Will Move.John W. Hicks, the grocer, is preparing to move into the store room lately occupied by Ramsey. He will move on May 1st. The *Bazaar* will at that time tenant its new quarters, the building now occupied by Mr. Hicks.**For Summer Corsets try Bon Marche.**
